

# Consumer Access Solution

Meet the growing consumer demand for vaccination information.

*SSG's Consumer Access solution easily connects into any existing Query by Parameter (QBP) HL7 enabled IIS registry*

Local and state public health departments are scrambling to get solutions in place in order to meet the growing demand for consumer access to COVID vaccination records, and many are currently experiencing issues processing these requests.

SSG's Consumer Access solution is designed to be a fully managed plug-and-play solution that can easily connect into your existing Query by Parameter (QBP) HL7 enabled IIS registry in as little as 4 weeks!
